Expense Reduction Cost Services

Helping Businesses reduce costs Improving their cash flows and net profits.

635,000 businesses have closed in 2021 that is what has prompted us to help support businesses reduce their cost in some cases dramatically. We can service 50 states in the USA.

This study is concentrating on Lighting and Power Costs, and certainly, we feel that we can reduce the costs for Non-Profit Organizations. All we require is a copy of your invoice from your Light & Power Source.

Our Fees

The only time that you get billed is if we are successful in producing reduced costs. The difference between what you were originally paying and the new rate is the saving amount. On that amount your company keeps 50% of the saving, the other 50% is payable to us.

Why are Non-Profit Organizations exempt?

Here are some of the reasons why non-profits organizations are tax exempt, and why it makes sense to preserve these tax exemptions. Non-Profits relieve government's burden. Private schools, day-care centers and hospitals, homeless shelters, and other non-profit services that government might otherwise be required to offer.

Non-Profit Organizations can benefit from becoming 501C3 if the criteria and status is as defined by the IRS and covers Churches, Synagogues, providing that the entity is using it for the right purpose. The list of possible Non-Profit companies that can apply is extensive, so if you have any doubts of your company's status, then write to us at: margielevy1234@gmail.com

The 501 C3 status is at the Federal Level and exempts federal income tax and sales tax and must be approved by the IRS.

The Department of State handles 30 different taxes, and each one is dependent on certain conditions, that is the task we face to determine what benefits we can bring to our clients.

A Short Version of Funds We Can Save

An email will be sent to you with the proposed savings amount and our fees.

If you wish to process please sign the enclosed contract

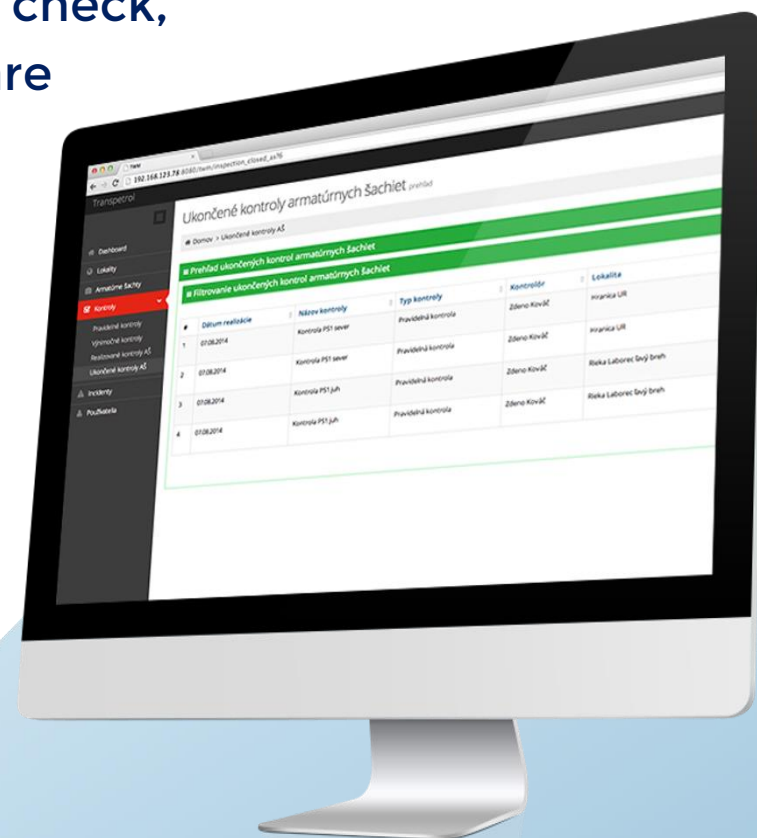

SIGNING OUR CONTRACT: Contract will be provided for your signature.

CONCLUSION

In conclusion we will provide a list of the Vendors we have dealt with, negotiated and researched, they could be the ones you have already or new ones.

Whether we save you money that will appear as a credit to your account, or whether you actually get reimbursed by check, whatever savings are obtained through our efforts are payable to us based on 50% of the savings.

THANK YOU
